KENTFIELD CAMPUS
Which Common Themes would you like to see incorporated into the Campus Master Plans?

Please refer to the handout from the presentations on April 19 & 20 or go to the COM website www.marin.cc.ca.us Measure C Construction Updates/Public Resources/031906 Overview of Campus Charettes.

Natural elements/sustainability themes

☐ 1) Preserve view of Mt. Tam
☐ 2) Kentfield should have a community garden/arboretum
☐ 3) Green/open space is a very important campus theme
☐ 4) Unchannel/naturalize creek
☐ 5) Save redwoods/exceptional trees
☐ 6) Buildings on campus should be sustainable
☐ 7) Creek should be the center of campus
☐ 8) Mt. Tam should be the entry focal point for the campus
☐ 9) Should install solar panels on roofs

☐ 10) There should be a community center building on campus
☐ 11) Corner of Sir Francis Drake and College Ave. should be entry focal point
☐ 12) Bridge over street connecting campus with parking lots
☐ 13) Preserve bike paths
☐ 14) Neighbor’s views should be taken into consideration regarding building height
☐ 15) Outdoor social amphitheater
☐ 16) Student union/services and library should be center of campus

Building elements/components on campus

☐ 10) Multi-story parking
☐ 11) Subterranean parking (esp. under science center site)
☐ 12) Buildings should be clustered into similar disciplines
☐ 13) There should be a central student/community open space for gathering
☐ 14) Campus needs a formal sense of arrival
☐ 15) More parking close to the Fine Arts building

Buildings that should be saved:

☐ 25) Fusselman
☐ 26) Admin (promenade element)
☐ 27) Dickson

Buildings that should be demolished:

☐ 28) Science Center
☐ 29) Admin
☐ 30) Olney
☐ 31) LRC
☐ 32) Business Centre
