TRANSFER INFORMATION

Students planning to transfer from College of Marin to another college or university should plan their program to include both general education requirements and the specific major requirements of a particular college or university. A transfer student is advised to seek assistance from a counselor. Students should work closely with their counselor in order to make appropriate course choices that will permit transfer with junior standing to a four-year institution after two years at College of Marin. Lower division requirements vary considerably from college to college. Careful planning will ensure students avoid taking classes that do not meet requirements.

A student who intends to transfer should consult the catalog of the institution to which they intend to transfer. Catalogs of the major universities and colleges are available for reference from the Transfer and Career Center located in the Student Services Center. The earlier a student makes a decision regarding a transfer institution, the better the possibility is for meeting all requirements without delay.

ASSIST (Online Student Transfer Information System)

ASSIST is a web-based student transfer information system that can be accessed at www.assist.org. ASSIST is the official statewide repository of articulation for California's colleges and universities; the site displays reports of how course credits earned at a California community college or university can be applied to transfer to a public California university (CSU, UC). ASSIST is the primary site where students can find specific College of Marin courses that satisfy general education, major preparation requirements and transferable electives at the UCs and CSUs.

CALIFORNIA STATE UNIVERSITY TRANSFER INFORMATION

Lower Division Transfer Admission Requirements

Some campuses restrict enrollment of lower division transfer students due to heavy enrollment pressure. College of Marin students who are California Residents with fewer than 60 transferable semester units are considered lower division transfer students.

You are eligible for admission to California State University if you:
1. Have a college grade point average of 2.00 or higher in all transferable college units attempted.
2. Are in good standing at College of Marin, i.e., you are eligible to re-enroll.
3. Meet the admission requirements for a first-time freshman or have successfully completed necessary courses to make up the deficiencies you had in high school if you did not complete the 15-unit pattern of college preparatory subjects.
4. Meet the eligibility index required of a freshman.

Some campuses may require lower division transfer students to have completed English composition and general education mathematics prior to transfer. Contact your campus of choice to determine whether there are admissions limits on the number of lower division transfer students.

Upper Division Transfer Minimum Eligibility Requirements

College of Marin students with 60 or more transferable semester units are considered upper division transfer students.

You are eligible for admission to California State University if you:
1. Have a college grade point average of 2.00 or higher (2.40 for non-California residents) in all transferable college units attempted.
2. Are in good standing at College of Marin, i.e., you are eligible to re-enroll.
3. Have completed or will complete prior to transfer at least 30 semester units of courses equivalent to general education requirements with a grade of “C” or higher. The 30 units must include all of the general education requirements in communication in the English language (English composition, oral communication, and critical thinking) and at least one course of at least three semester units required in college level mathematics.

Required Placement Tests

Upper division transfer students who have completed English composition and college level math courses with a grade of C or higher are exempt from the English Placement Test (EPT) and the Entry Level Mathematics Test (ELM). Upper division transfer students must complete both English composition and college level mathematics prior to enrolling at a CSU campus.

Lower division transfer students will be required to take the tests if they are not exempt based on their SAT or ACT scores or if they have not completed an appropriate English composition course and a college level math course with a grade of C or higher.

Transcripts for California State University

Simultaneous to applying for admission, transfer students to the California State University must submit official transcripts directly from all colleges or universities previously attended even if no coursework was completed. If transferring with fewer than 60 transferable semester units completed, transfer applicants must submit high school transcripts and official test scores. Transcripts
must be received in sealed envelopes directly from each institution attended. The first two copies of student transcripts from College of Marin are free.

**General Education Program for the Bachelor’s Degree at California State University**

In addition to other requirements for graduation with a baccalaureate degree, California State University requires preparation for general education. Proper planning should enable students to satisfy the state university general education breadth requirements concurrently with requirements for either an Associate in Arts (A.A.) or Associate in Science (A.S.) degree from College of Marin.

**CSU General Education Certification**

Approximately 124 semester units are required for a Baccalaureate degree at a California State University of which 48 units must be in general education within a prescribed pattern. Thirty-nine units may be completed and certified in whole or in part at College of Marin. The remaining nine units must be taken as upper division courses after transfer to the four-year university.

Completion of 39 units of general education for the California State University System is not a requirement for admission. However, it is recommended that these units be completed during the first two years of college.

Students must make a request for certification prior to attending California State University by completing two forms:

1. A Request for Transcript,
2. A Request for General Education Certification.

**United States History, Constitution, and American Ideals Requirement**

In addition to general education, state universities and colleges also require United States History, and Constitution and American Ideals for graduation. Courses at the College of Marin that fulfill the two-course requirement are:

1. One course in United States History to be chosen from the following:
   - Ethnic Studies 111 or 112 or 121 or 151
   - History 100 or 117 or 118
2. One course in Constitution and American Ideals to be chosen from the following:
   - Political Science 100 or 101

UNIVERSITY OF CALIFORNIA TRANSFER INFORMATION

General Admission Information to the University of California Campuses: Berkeley, Davis, Irvine, Los Angeles, Merced, Riverside, San Diego, San Francisco, Santa Barbara, Santa Cruz

The University considers you a transfer applicant if you graduated from high school and enrolled in a regular session at a college or university. As a transfer applicant, you may not disregard your college record and apply as a freshman.
College of Marin transfer students should take courses that are transferable, that satisfy University and college requirements, and that fulfill prerequisites in the major. Advisors in the Admissions Office at the campus you wish to attend and College of Marin counselors can help you with your planning.

The transfer admission requirements described in this section represent the minimum level of achievement to be eligible for admission to the University.

If the number of applicants exceeds the spaces available for a particular campus or major – as is often the case – the campus uses criteria that exceed the minimum requirements to select students. Meeting the minimum requirements, therefore, is not enough to gain admission to many UC campuses and programs.

Transfer Eligibility Requirements for California Residents

To be eligible for admission to UC as a transfer student, you must fulfill both of the following criteria:

1. Complete 60 semester units of transferable college credit with a grade point average of at least 2.4 and no more than 14 semester units may be taken Pass/No Pass.

2. Complete the following course pattern requirements, earning a grade of C or higher in each course:
   - two transferable college courses (three semester units each) in English composition - English 150 and 151 or 155; and
   - one transferable college course (three semester units) in mathematical concepts and quantitative reasoning; and
   - four transferable college courses (three semester units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, and the physical and biological sciences. Exception: University of California, Berkeley, College of Letters and Science requires three years of foreign language in high school or two semesters at College of Marin.

If you satisfy the Intersegmental General Education Transfer Curriculum (IGETC) prior to transferring to University of California, you may satisfy Part 2 of the transfer admission requirements. For more information about the IGETC, refer to the Intersegmental General Education Transfer Curriculum in this section of the catalog.

Guaranteed Admission Transfer Contracts

College of Marin has guaranteed admission transfer contracts with universities. To find out specific details, criteria, and participating universities, contact the Transfer Center or Counseling Department.

Concurrent Enrollment Program – University of California, Berkeley

The purpose of this program is to allow community college students the opportunity to experience Berkeley course work and the campus by taking one lower division course (up to two semesters) that is not otherwise available at the community colleges. Consult with the Counseling Department regarding necessary recommendations and restrictions.

Intersegmental General Education Transfer Curriculum (IGETC) For Transfer to the University of California and California State University

The Intersegmental General Education Transfer Curriculum (IGETC) is a program that College of Marin transfer students can use to fulfill lower division general education requirements at both the University of California and the California State University. There are other options that fulfill general education requirements, but none of the options cover both the University of California and California State University.

The IGETC will permit a student to transfer from College of Marin to a campus in either the University of California or the California State University System without the need, after transfer, to take additional courses to satisfy campus lower division general education requirements.

The IGETC is not an admission requirement to the University of California or California State University. Existing campus specific admission requirements for transfer students remain unchanged.

Important: It is not advisable for all transfer students to follow the IGETC. Make an appointment with a College of Marin counselor to clarify which colleges and majors do not approve the use of IGETC. In addition, www.assist.org provides specific admission criteria for transfer students.

IGETC Certification

It is strongly recommended that students complete IGETC prior to transfer. Advantages of completing IGETC include more flexibility in class selection at the university and timely progress to degree completion. All UC and CSU campuses will accept the completed IGETC to satisfy all lower division general education requirements. However, the individual colleges or majors within a CSU or UC campus may not accept IGETC for meeting general education. To learn more about specific exceptions or restrictions regarding IGETC, please meet with a counselor.

Certification indicates that all lower division general education requirements for UC or CSU have been met. Courses certified for IGETC must be completed with a grade of “C” or higher.

In addition to the course requirements for each subject area, full certification for California State University must include completion of the Oral Communication Requirement. For the University of California, Oral Communication is not required, but the certification must include satisfactory completion of a Language Other Than English Requirement.
Courses taken at other institutions may be used to fulfill the IGETC. Students should be aware, however, that placement of courses within IGETC subject areas may vary from college to college. Placement of a course will be based on the college of attendance and its IGETC pattern at the time the course was completed. Completion of the IGETC program will be certified by the last community college that the student attends. As a general rule, IGETC can be certified for California community college transfer students who have completed transfer units at a University of California, California State University, or independent college provided that the student has completed most of the transfer units at one or more California community colleges. Please note: It is the student’s responsibility to request IGETC and CSU GE-Breadth certification through the Office of Admissions and Records.

**Advanced Placement Test**

Advanced Placement Test (APT) scores can be used to satisfy certain areas under IGETC.

A score of 3, 4, or 5 is required to grant credit for IGETC certification. An acceptable AP score for IGETC equates to either 3 seminar or 4 quarter units for certification purposes. Each AP exam may be applied to one IGETC area as satisfying one course requirement, with the exception of Language other Than English (LOTE). Students who have earned credit from an AP exam should not take a comparable college course because transfer credit will not be granted for both. Students earning scores of 3, 4, or 5 in the physical and biological science AP examinations earn credit toward IGETC Area 5 and meet the IGETC laboratory activity requirement. There is no equivalent AP exam for Area 1B-Critical Thinking/Composition requirement. AP exams in Biology, Chemistry or Physics B allow CCC campuses to apply 4 semester or 5 quarter units to IGETC certification. Therefore, students who complete these exams will be required to complete at least 4 semester or 5 quarter units to satisfy the minimum required units for Area 5.

Please refer to the IGETC AP Table below and meet with a counselor to determine how AP credit can be applied to meeting IGETC requirements.

Variable Topics Courses
(Directed Study, Selected Topics, Internship, Independent
Studies, Fieldwork, etc.)
Please note that the granting of transfer credit for courses of this kind is giv-
ven only after a review of the scope and content of the course by the enrolling
UC campus. This usually occurs after transfer and may require recommen-
dations from faculty. Information about internships may also be presented
for review, but credit for internships rarely transfers to UC. UC does not grant
credit for variable topics courses in Journalism, Photography, Health, Busi-
ess Administration, Architecture, Administration of Justice (Criminology)
or Library Departments because of credit restrictions in these areas.

California Articulation Number (CAN)
College of Marin participates in the California Articulation Num-er (CAN) System, a statewide numbering system independent
from numbers assigned by local colleges. This system was de-
signed to facilitate the transferring of course credits to other
participating California colleges and universities. Students are
assured that a CAN course on one participating campus will be
accepted in lieu of the comparable CAN course on another par-
icipating campus. For example, CAN ENGL 2 on one campus will
be accepted for CAN ENGL 2 on another participating campus. At
College of Marin, CAN ENGL 2 is English 150. Listed below are the
College of Marin courses assigned CAN system numbers. CAN-
designated courses may change and students should always
check with their counselors to determine how CAN courses fit
into their educational plans. Students should consult the ASSIST
database at www.assist.org for specific information on course
agreements. College of Marin counselors will help students in-
terpret this information.

The Lower-Division Transfer Patterns (LDTP) Project

The Lower Division Transfer Patterns (LDTP) Project is another option for transfer to the California State University System. The admissions component of the project is being developed and information is forthcoming. A brief summary of LDTP is provided below:

The Lower-Division Transfer Patterns (LDTP) project, sponsored by the California State University (CSU) and supported by the California Community Colleges, presents potential transfer students with a set of “road maps” to follow that will ensure appropriate academic preparation for studies at CSU and that will decrease time to graduation once these students enter the CSU. The LDTP for each discipline has a statewide as well as campus-specific components. The statewide component of the LDTP is appropriate for any CSU campus that offers the major and is comprised of general education coursework as well as some courses within the discipline. The campus-specific component identifies discipline related coursework relevant to the major at the specific CSU campus. Together these components for an LDTP discipline will total at least 60 units, the number needed to transfer to CSU as an upper-division student.

Please refer to CSUMentor for more information on LDTP at http://www.csumentor.edu/planning/ldtp/

OUR PHILOSOPHY IS “STUDENTS FIRST!”

KAY RYAN
Basic Skills Professor, Poet Laureate

Post Laureate Kay Ryan has taught basic English skills at College of Marin for more than 30 years. Ryan’s students are often serious, hardworking people in their late twenties or early thirties intent on improving the quality of their lives through learning. Without strong English writing and reading skills, well paying jobs and promotions elude them.

W. ALLEN TAYLOR
Drama Professor, Award Winning Playwright and Actor

“Teach from the heart and the head will follow,” says W. Allen Taylor, an award winning playwright, director and actor who brings his 29 yearlong award winning acting career to the classroom and the stage at College of Marin. When Taylor is not teaching, he is often acting and directing works throughout the country. Taylor has performed on network television and in regional theaters around the country.

KAZUKO SHIOTA
Japanese Professor

College of Marin students who study Japanese with Kazuko K. Shiota learn more than words, intonation and grammar. Learning Japanese is about learning the culture from which the language springs. Shiota says, “Language is culture.” It is one way Americans can begin to understand the Japanese perspective and diverse ways of the people.

JAMIE TIPTON
English Professor, Author

The best part of teaching, according to College of Marin English Professor Jamie Tipton, is constantly dealing with a subject that inspires and having the opportunity to share that inspiration. Tipton is the author of numerous works. His most recent historic novel, Annette Vallon (Harper/Collins, 2008), landed on the San Francisco Chronicle’s top ten best seller list of Bay Area books.
