

California Pacific Medical Center

Mission

Our mission is to serve our community by providing high quality, cost-effective health care service in a compassionate and respectful environment, which is supported and stimulated by education and research.

Vision

Our vision is to continue to grow and strive to deliver the ideal patient experience. This means we must recognize the need to provide compassionate care to all people. In order to achieve this, we commit to developing the members of our medical center community so we are:

- The employer of choice for our staff
- The provider of choice for our patients
- The partner of choice for our physicians
- And the organization of choice for our volunteers

2010 Vision Statement

CPMC leads in the science and art of health care.

Our commitment to responsible financial stewardship, organizational excellence, and medical research and education enables us to:

- Provide access to comprehensive, state-of-the-art service;
- Excel in patient safety, clinical quality and service;
- Support a committed and integrated community of caregivers; and
- Improve the health of the communities we serve.
