I. **Review and Discuss Completed Program Review SLO Assessments**

The committee reviewed and discussed our comments on the review response sheets for the programs that completed full program reviews. We changed the wording in prompt #7 and added a prompt #8 based on our discussion of how well the response sheet had worked in its first round of use. The changes are as follows:

7. The SLO work described in the program review shows:

   - Exceptional evidence that SLO assessment and/or dialogue is used to inform program improvement ____
   - Sufficient evidence that SLO assessment and/or dialogue is used to inform program improvement ____
   - No evidence that SLO assessment and/or dialogue is used to inform program improvement ____

8. If the program asked for help or needs help, what are the reviewers recommendations?

   ____________________________________________________________________________

   ____________________________________________________________________________

   Should SLOAC meet with the department? Yes____  No_____  

Yolanda will organize the responses from this round of reviews by question and present the report to the SLOAC at the May meeting. The report can be shared with PRAC.

II. **SLOAC reviewed the Program Review Prompts and the Point of Improvement Prompts.**

III. **Fall Flex**

We will send an email to the programs going through program review to offer them a flex activity helping them complete the SLO section of the program review.

   - Show program review prompts and give examples of best practices
   - Show assessment response sheet
- Let disciplines work as a group to respond to the prompts (check list, SLO page of department response sheets)

The meeting adjourned at 3:45 PM.

Yolanda Bellisimo
