   YES ☐       NO ☐

If “yes,” please explain on a separate signed sheet.
III. ESSENTIAL CRITERIA

A. Similar Projects
   1. Has your firm and/or any firm identified in Section II.B. and/or Section II.C. above contracted for and completed demolition of a minimum of three (3) similar complex demolition projects for a community college/university each with a minimum contract for demolition of $1,100,000, within the past five (5) years?

      Yes ☐      No ☐

      If yes, list both the last three (3) and largest three (3) similar complex demolition projects for a community college/university performed in California within the last five years.

      | Owner/Project Name/Location | Date Completed | Value of Project |
      |-----------------------------|----------------|-----------------|
      | 1                           |                |                 |
      | 2                           |                |                 |
      | 3                           |                |                 |

      | Owner/Project Name/Location | Date Completed | Value of Project |
      |-----------------------------|----------------|-----------------|
      | 1                           |                |                 |
      | 2                           |                |                 |
      | 3                           |                |                 |

   2. Please attach a separate signed sheet of paper providing a description of each of the last three and largest three similar complex demolition projects for a community college/university performed in California ("Description of Last/Largest Three Similar Projects"). At a minimum, this description should address the following: (i) What did the project consist of?; (ii) What were the original time constraints and were they met?; (iii) What was the original project budget, final contract amount, and change order value?; (iv) What cost control measures were taken? (v) Describe the staging requirements for the project; (vi) Were there any special circumstances involved with the project? i.e., CEQA/EIR restrictions, labor agreement requirements, site specific requirements, etc. Please provide a contact reference for verification for each project, including name, title, and phone number.

B. Default or Bankruptcy
   Has your firm and/or any firm identified above in Section II.B. and/or Section II.C., either performing work under its current license or under licenses through other entities, including a joint venture, defaulted on a contract, declared bankruptcy or been placed in receivership within the past five (5) years?

      Yes ☐      No ☐
C. Licensure
Has your firm and/or any firm identified in Section II.B. and/or Section II.C. above held all contractors license(s) necessary to perform its work, and have those license(s) been consistently active for at least five (5) years without revocation or suspension?

Yes ☐  No ☐

To prequalify for the Project, the contractor is required to possess one or more of the following State of California Contractor Licenses: A or B

D. Disqualification, Prohibition
Has your firm and/or any firm identified above in Section II.B. and/or Section II.C. been disqualified, debarred, forbidden, found non-responsible, or otherwise prohibited, from performing work and/or bidding on work on any project within the State of California or on work for any community college district, university, school district, or other public agency within the State of California within the past five (5) years? (Please circle one).

Yes ☐  No ☐

E. Termination
Has your firm and/or any firm identified in Section II.B. and/or Section II.C. been terminated by any owner, including any community college district, university, school district, or other public agency, on any project, including any project for a community college district, school district, or other public agency, within the State of California within the past five (5) years? (Please check one).

Yes ☐  No ☐

F. Liquidated Damages
Have liquidated damages ever been assessed against your firm and/or any firm identified in Section II.B. and/or Section II.C.?

Yes ☐  No ☐

If the answer is “yes,” please provide such documentation on a separate signed sheet.

G. Bonding Capacity
Is your firm’s total bonding capacity equal to or greater than the estimated “Bid Day” Cost of Demolition of $\text{1,100,000}$?

Yes ☐  No ☐

If the answer is “yes,” please provide a notarized statement that states your firm’s total bonding capacity from an admitted surety insurer that is authorized to issue bonds in the State of California.
IV. PROJECT EXPERIENCE AND REFERENCES

A. ATTACHMENT "A"; Completed Demolition Projects
List all demolition projects in which the contractor has been the general contractor during the past five (5) years on the Completed Demolition Projects form attached as ATTACHMENT “A” and sign the form. For each project, list project size as 'bid day' contract amount.

Please include all projects performed under all firm names identified in Section II.A., Section II.B. and Section II.C. Please use and attach additional signed sheets when needed to explain or clarify any response or to include more responses with all requested information.

You may limit your response to the thirty (30) most-recently completed demolition projects if you have completed more than thirty (30) demolition projects in the past five (5) years. Even if they are not within your firm’s thirty (30) most recently completed demolition projects, at least five (5) of the demolition projects listed in ATTACHMENT "A" must be similar complex demolition projects for a community college/university performed in California, with a minimum initial price of $1,000,000, or contractor cannot prequalify for District work for this Project.

B. Site Specific Criteria
ATTACHMENT B; Site Specific Criteria; Current Restrictions is attached to this questionnaire and applies to the work contemplated under this project.

1. Scheduling Criteria:

   a. Fixed Completion Date, Limited Extensions Schedule: Due to the preset academic calendar schedules, the Austin Center Demolition Project has a fixed substantial completion of “heavy” demolition date and must be substantially completed, with limited exclusions, no later than 08/07/2015. List completed complex demolition projects with similar schedule constraints and briefly describe the time challenge and how the schedule was met (attach separate sheet if additional space is needed):

<td></td>
</tr>
<tr>
<td>3</td>
<td></td>
<td></td>
</tr>
<tr>
<td>4</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
b. **Scheduling Qualifications:** The successful bidder will need to demonstrate internal, proactive scheduling expertise and management. Please describe your firm’s scheduling expertise. List individual staff and/or subcontractor experience and provide evidence of project delivery, including initial contract substantial completion date and final substantial completion date for each project identified above. (attach separate sheet if additional space is needed):

2. **High Traffic, Limited Site Access:** This project on the College of Marin Kentfield campus requires access near a high traffic intersection with limited site access. The successful bidder will need to comply with strict traffic control restrictions pursuant to a mitigation plan, **which is part of the Environmental Impact Report for the project**. List projects your firm has completed which had similar traffic and site access limitations. List similar project and describe limitation and briefly describe efforts made to mitigate challenge (attach separate sheet if additional space is needed):

4. **Neighborhood Noise and Disruption Mitigation:** Noise and neighborhood disruption are concerns for this project. The successful bidder will need to comply with a mitigation plan, which is part of the Environmental Impact Report for the project. (A current list of restrictions is attached; however, there may be additional restrictions as directed by the District.) List completed projects with similar concerns and briefly describe efforts made to mitigate concerns (attach separate sheet if additional space is needed):

**C. Project References**

For a minimum of three similar complex demolition projects for a community college/university listed in ATTACHMENT "A", provide a reference contact name, title, email and phone number. Reference contacts must be persons directly familiar with the work of the Contractor on the project, and must be able to provide objective evaluation of Contractor’s performance and project environment description.
V. BUSINESS LONGEVITY, FINANCIAL STRENGTH AND PERFORMANCE

The District will assign points for the following based on standardized questions that the District will ask each contractor's references:

A. **Years in Business Under Current License**  ____________years

B. **Contractor's Financial Information**

Contractor must submit an audited financial statement or verified financial statement certified by an officer of the company for the past two (2) full fiscal years. A letter verifying availability of a line of credit may also be attached; however, it will be considered supplemental information only, and is not a substitute for the required audited or certified financial statement.

C. **Contractor's Bonding/Surety**

Contractors must fully comply with all bid conditions including, without limitation, a ten percent (10%) bid bond, a hundred percent (100%) payment bond, and a hundred percent (100%) performance bond. The contractor may substitute securities for any monies withheld by the District to ensure performance under a contract for the Project, in accordance with the provisions of section 22300 of the Public Contract Code. Contractor’s surety must be admitted and authorized to transact business as a surety in California. List all sureties utilized in the past five (5) years. Use separate signed sheets as necessary, with all requested information.

1. Name of bonding company (not agency): __________________________

2. Address of company: __________________________

3. Name of agent: __________________________

4. Address of agent: __________________________

5. Telephone number of agent: __________________________

6. Years contractor has been with this surety: __________________________

7. Amounts paid out by or work performed by surety in the past five (5) years that were in any way related to demolition activities of contractor and/or any firm identified above in Section II.B. and/or Section II.C. (Please provide an explanation on separate signed sheets): $________________________
8. Has your firm and/or any firm identified in Section II.B. above paid a premium of more than one percent (1%) for a performance and payment bond on any project(s) at any time during the past five (5) years?

Yes ☐  No ☐

If yes, state the percentage paid. You may provide an explanation for a percentage rate higher than one percent, if you wish to do so:

______________________________________________________%

9. During the past five (5) years, has your firm and/or any firm identified above in Section II.B. and/or Section II.C. been denied bond coverage by a surety company, or has there ever been a period of time when your firm had no surety bond in place during a public demolition project when one was required? (Please circle one).

Yes ☐  No ☐

If yes, provide details on a separate signed sheet indicating the date(s) when your firm was denied coverage and the name of the company or companies which denied coverage; and the period(s) during which you had no surety bond in place.

D. Non-Compliance with Applicable Laws

1. Has your firm and/or any firm identified above in Section II.B. and/or Section II.C. been cited and/or assessed any penalties for non-compliance with state and/or federal laws and/or regulations, including OSHA violations, and Labor Code violations, within the past five (5) years? (Please check one).

Yes ☐  No ☐

If “yes,” indicate on separate signed sheet(s) the project name(s), violation(s), and date(s) of incidents.

2. Has your firm and/or any firm identified above in Section II.B. and/or Section II.C. ever been found liable in a civil suit or found guilty in a criminal action for making any false claim or material misrepresentation to any public entity?

Yes ☐  No ☐

If “yes,” indicate on separate signed sheet(s), including the person(s) involved, the name of the public entity, the date of the investigation and the grounds for the finding.
3. Has your firm and/or any firm identified above in Section II.B. and/or Section II.C. ever been convicted of a crime involving any federal, state, or local law related to demolition?

   Yes ☐  No ☐

   If “yes,” explain on a separate signed sheet, including the person(s) involved, the date of the conviction and the grounds for the conviction.

4. Has your firm and/or any firm identified above in Section II.B. and/or Section II.C. ever been convicted of a federal or state crime of fraud, theft, or any other act of dishonesty?

   Yes ☐  No ☐

   If “yes,” explain on a separate signed sheet, including the person(s) convicted, the court (the county if a state court, the district or location of a federal court), the year and the criminal conduct.

E. Environmental Citations

   Has your firm and/or any firm identified above in Section II.B. and/or Section II.C. been cited and/or assessed penalties by the Environmental Protection Agency, any air quality management district, any regional water quality control board, or any other environmental agency within the past five (5) years?

   Yes ☐  No ☐

   If “yes,” indicate on separate signed sheet(s) the project name(s), violation(s), and date(s) of citation.

F. Workers’ Compensation Experience Modification Rate

1. State the contractor’s current Workers’ Compensation Experience Modification Rate: _____________________________

2. State the contractor's Workers’ Compensation Experience Modification Rate for the past five (5) years (including any firm identified in Section II.B., above):

<table>

</tr>
</tbody>
</table>
3. Within the past five (5) years, has there been a period when your firm and/or any firm identified in Section II.B. above had employees but was without workers’ compensation insurance or state-approved self-insurance?

Yes ☐ No ☐

If yes, indicate on separate sheet(s) of paper the date(s) and reason(s) for the absence of workers' compensation insurance.

4. Within the past five (5) years, has your firm, or any firm identified in Section B above, been cited for any OSHA violations?

Yes ☐ No ☐

If yes, please explain on a separate signed sheet.

G. Experience with Project Labor Agreements (Provisional)

Does your firm and/or any firm identified above in Section II.B. and/or Section II.C. have experience working under project labor agreements/project stabilization agreements?

Yes ☐ No ☐

If yes, please explain on a separate signed sheet.

H. CEQA

Does your firm and/or any firm identified above in Section II.B. and/or Section II.C. have experience working on Projects subject to strict compliance with requirements set forth in a project Environmental Impact Report, including mitigation measures?

Yes ☐ No ☐

If yes, please explain and describe the specific EIR requirements complied with on a separate signed sheet.

VI. SAFETY AND SUBCONTRACTING OF ADDITIONAL HAZARDOUS MATERIAL ABATEMENT:

The abatement of hazardous materials will be required before and perhaps during during demolition. Does Contractor have experience and qualifications for self-performing or subcontracting abatement?

Yes ☐ No ☐

If yes, please provide project names in which Contractor was responsible for abatement performance or subcontracting: ________________________

Site Specific Criteria
Current Restrictions

1. Fixed Occupancy, Limited Extension Schedule:
   - Due to the preset academic calendar schedules, the Austin Center Demolition Project has a fixed completion date and must be substantially completed, with limited extensions, no later than 8/7/15.
   - Limit demolition and related heavy activities to daylight hours between 8:00 A.M. and 5:00 P.M., Monday through Friday and between 10:00 A.M. and 5:00 P.M. on Saturdays. Arrival and quiet work is permitted 1 hour earlier.
   - The Environmental Impact Report for the project requires strict adherence to the demolition schedule.

2. High Traffic, Limited Site Access:
   - Compliance with the Demolition Management Plan ("CMP"), including, without limitation, adherence to demolition access, hauling and delivery routes, demolition staging locations, traffic control measures and procedures, signs, truck marshal directive, parking locations, and measures to avoid impacts to adjoining streets and transit facilities.

3. Tree Preservation:
   - Adherence to established nest setback zones for loggerhead shrike and raptors species, if any, and related measures.
   - Avoid adversely affecting trees and specified landscaping on site and en route to site.
   - A plan denoting trees and landscaping areas to be preserved and protected will be included in the bid documents.

4. Neighborhood Noise and Disruption Mitigation:
   - Limit demolition and related activities to daylight hours between 8:00 A.M. and 5:00 P.M., Monday through Friday and between 10:00 A.M. and 5:00 P.M. on Saturdays. Arrival and quiet work is permitted 1 hour earlier.
   - The Environmental Impact Report for the project requires that all adjacent residents and campus staff and students be notified of the demolition schedule in writing or by posting signs. Additionally, nearby residents must be provided with a written schedule of “noisy” demolition activities. Strict adherence to the demolition schedule is required.
   - Demolition equipment shall be well maintained and properly tuned in accordance with manufacturer’s specifications. All equipment shall be checked by a certified mechanic and be determined to be running in proper condition prior to operation. All off-road demolition equipment must be equipped with EPA/CARB Tier 3 certified diesel engines or better.
• Demolition equipment shall be used judiciously to be as quiet as practical. Quiet models of air compressors and other stationary noise sources shall be used where technology exists.

• Equip all internal combustion engine-driven equipment with mufflers that are in good condition and appropriate for the equipment.

• Locate all staging areas and stationary noise-generating equipment, such as air compressors and portable power generators, where directed by the CMP and/or District. Storage of supplies and equipment shall occur only in areas designated by the CMP and/or District. Green fabric screening demolition fencing shall be placed around the site.

• Prohibit all unnecessary idling of internal combustion engines. Equipment must be shut off when not in use, and any idling time shall not exceed five minutes.

• Comply with and follow all directions and instructions concerning noise disturbance given by the Campus Demolition Manager.

• Prohibit demolition worker radios from being audible beyond the limits of the demolition site. Radio noise from demolition traffic vehicles may not be audible outside of the vehicle cabin in adjacent neighborhoods or when ingressing or egressing from the demolition site.

• Adherence to air quality control measures during demolition, transportation and handling of demolition materials, including, without limitation: cover trucks hauling soil, sand, and other loose materials to or from the site, or require all trucks to maintain at least 2 feet of freeboard; sweep paved access roads, parking areas, streets and staging areas daily; water sweepers shall vacuum up excess water to avoid runoff-related impacts on water quality; pave, apply water three times daily, or apply (non-toxic) soil stabilizers on all unpaved access roads, parking areas, and staging areas; water all active demolition areas at least twice daily and more often during windy periods – active areas adjacent to existing land uses shall be kept damp at all times, or shall be treated with non-toxic stabilizers or dust palliatives; limit traffic speed on unpaved roads to 15 miles per hour; install sandbags and other erosion control measures and compliance with the Erosion Control Plan and SWPPP; apply non-toxic soil stabilizers to inactive demolition areas; and wash tires or tracks of all trucks or equipment leaving the site.

• Impact pile driving shall be avoided where possible. The Demolition Vibration Monitoring Plan must be adhered to for impact pile driving within 50 feet of a building.

• Completion of a Demolition Debris Recycling Plan must be completed by the Contractor and submitted with building permit applications. This plan shall describe the material diversion method and company, recycling or disposal facility, and estimated quantity of materials as required by the Marin County C&R Recycling and Reuse Plan Form. Upon completion of project demolition, contractor shall submit all disposal and recycling receipts for release of the Hold on Final Inspection.

• Compliance with Demolition and Disposal Plan.
5. **Cultural Artifacts Discovery:**
   - Compliance with and adherence to the Treatment Plan, which provides specific treatments and courses of action for areas where ground disturbances are to occur, including procedures and treatments for Native American cultural resources, skeletal, and cremated remains, historic-period deposits, and other archaeological deposits.
   - Prohibit the movement or collection of archaeological materials by demolition personnel.

6. **Cost Control:**
   - Demolition of Austin Project is one of the final projects under the Measure C Bond Program and is subject to strict budget constraints.
   - The estimated “Bid Day” Cost of Demolition of Austin Project including hazardous material abatement is $1,100,000.

7. **Effective Coordination and Supervision of Subcontractors:**
   - The successful bidder will need to utilize proactive, effective coordination and supervision skills to match Project phase and environment.
I. RESPONSIVENESS CRITERIA

Confirm Prequalification Statement Submitted is Responsive – if the answer to any of the questions is “no,” then the Prequalification Statement is nonresponsive. (See Section III.E of Prequalification Information)

A. Timeliness
   Has the Contractor submitted its Prequalification Statement on time?
   Yes ☐ No ☐

B. Completeness
   Did the Contractor provide all requested information in its submitted Prequalification Statement?
   Yes ☐ No ☐

C. Signed Under Penalty of Perjury
   Is the Prequalification Questionnaire signed under penalty of perjury by individuals who have the authority to bind the contractor on whose behalf they are signing?
   Yes ☐ No ☐

D. Misleading/Inaccurate Information
   Is the information provided by the contractor misleading or inaccurate in any material manner (e.g., financial resources are overstated; previous violations of law are not accurately reported)?
   Yes ☐ No ☐

E. Acknowledgement of Receipt of Addenda
   Did the Contractor acknowledge receipt of all addenda issued by the District?
   Yes ☐ No ☐
II. GENERAL INFORMATION

Confirm Contractor has completed/provided the following information— if the answer to any of the questions is “no,” then the answer to I.B. is also “no”:

A. Contractor's Information (See Section II.A. of Questionnaire)
   Is the information provided by the contractor responsive?
   Yes ☐ No ☐

B. Current Organization/Structure (See Section II.B. of Questionnaire)
   Is the information provided by the contractor responsive?
   Yes ☐ No ☐

C. Associated Firms (See Section II.C. of Questionnaire)
   Is the information provided by the contractor responsive?
   Yes ☐ No ☐

D. History and Performance (See Section II.D. of Questionnaire)
   Is the information provided by the contractor responsive?
   Yes ☐ No ☐

E. Licenses (See Section II.E. of Questionnaire)
   Is the information provided by the contractor responsive?
   Yes ☐ No ☐

F. Contractor's Project Personnel (See Section II.F. of Questionnaire)
   Is the information provided by the contractor responsive?
   Yes ☐ No ☐

G. Contractor's Insurance (See Section II.G. of Questionnaire)
   Is the information provided by the contractor responsive?
   Yes ☐ No ☐
III. ESSENTIAL CRITERIA

Confirm Essential Criteria (See Section III of Questionnaire and Section IV.A of Prequalification Information)

A. Similar Projects

Has the Contractor contracted for and completed a minimum of three (3) similar complex demolition projects for a community college/university in the State of California with a minimum initial price of $1,000,000 within the past five (5) years?

Yes □ No □

(If no, then Contractor is not qualified)

B. Default or Bankruptcy

Has the Contractor, either performing work under its current license or under licenses through other entities, including a joint venture, defaulted on a contract, declared bankruptcy, or been placed in receivership within the past five (5) years?

Yes □ No □

(If yes, then Contractor is not qualified)

C. Licensure

To prequalify for the Project, the Contractor is required to possess one or more of the following State of California Contractor Licenses: A or B. Has the Contractor held all current, active contractor’s license(s) necessary to perform its work at all times (i.e. license has not been suspended or revoked) for at least five (5) years?

Yes □ No □

(If no, then Contractor is not qualified)

D. Disqualification, Prohibition

Has the Contractor been disqualified, debarred, found non-responsible or otherwise prohibited, from performing work and/or bidding on work on any community college district, university, school district, or other public agency within the State of California within the past five (5) years?

Yes □ No □

(If yes, then Contractor is not qualified)
E. Termination
Has the Contractor been terminated on any project by any owner, including any community college district, university, school district, or other public agency, on any project within the State of California within the past five (5) years?

Yes ☐ No ☐

(If yes, then Contractor is not qualified)

F. Liquidated Damages
Were liquidated damages assessed against the Contractor for any of the projects identified by the Contractor on Exhibit A to the Prequalification Questionnaire?

Yes ☐ No ☐

(If yes, then Contractor is not qualified)

G. Bonding Capacity
Has Contractor provided a notarized statement that states Contractor’s total bonding capacity (from an admitted surety insure that is authorized to issue bonds in the State of California) meets or exceeds the estimated “Bid Day” Cost of Demolition of Austin Project of $___1,100,000___?

Yes ☐ No ☐

(If no, then Contractor is not qualified)

IV. PROJECT EXPERIENCE AND REFERENCES

A. ATTACHMENT “A”, Completed Demolition Projects
To be completed on Evaluation Worksheet.

B. Site Specific Criteria

1. Scheduling Criteria:
   a. Fixed Occupancy Date, Limited Extensions Schedule: Does Contractor have experience with complex demolition projects with similar schedule constraints, and if so, was Contractor able to meet the schedule?

      Yes ☐ No ☐
b. **Scheduling Qualifications:** Has Contractor demonstrated internal proactive scheduling expertise, including staff and subcontractor expertise, and evidence of project delivery?

Yes ☐ No ☐

Numerical Rating: ________ points (out of 20 possible points)

2. **High Traffic, Limited Site Access:** Does Contractor have experience with demolition projects located near a high traffic intersection with limited site access?

Yes ☐ No ☐

Numerical Rating: ________ points (out of 10 possible points)

3. **Tree Preservation:** Does Contractor have experience with demolition projects requiring preservation of heritage and other trees?

Yes ☐ No ☐

Numerical Rating: ________ points (out of 5 possible points)

4. **Neighborhood Noise and Disruption Mitigation:** Does Contractor have experience with demolition projects where noise and neighborhood disruption were concerns and mitigation measures were required?

Yes ☐ No ☐

Numerical Rating: ________ points (out of 10 possible points)

5. **Cultural Artifacts Discovery:** Does Contractor have experience with procedures for handling discovery of cultural artifacts in connection with demolition projects?

Yes ☐ No ☐

Numerical Rating: ________ points (out of 5 possible points)

6. **Cost Control:** Has contractor demonstrated adequate and effective cost control measures?

Yes ☐ No ☐

Numerical Rating: ________ points (out of 20 possible points)
7. **Coordination**: Has contractor demonstrated adequate and effective measures are in place for coordination and supervision of subcontractors that are conducive to the demands of the specific Project phase and environment?

Yes □ No □

Numerical Rating: ________ points (out of 20 possible points)

C. **Contact Project References**

The District must contact each of Contractor’s references for a minimum of three (3) of Contractor’s most recent similar complex demolition projects for a community college/university, including the two (2) largest complex demolition projects. (Use attached Prequalification Evaluation Reference Form).

V. **BUSINESS LONGEVITY, FINANCIAL STRENGTH AND PERFORMANCE**

To be completed on Evaluation Worksheet.

**Complete Evaluation Worksheet**

Insert total score from Evaluation Worksheet

__________

Contractor must have 140 points TOTAL POINTS or higher to qualify.
The District should fill out the information in Section I and then telephone the contact person(s). The District should then ask the questions in Section II, obtaining the information as to whether the Contractor’s performance in that area was unsatisfactory, below average, average or above average. The District should then complete section III with that information and enter the average of the Total Numerical Rating of all the Evaluation Reference Forms for that Contractor at the corresponding place on the Evaluation Worksheet.

Section II – Telephone Interview Questions

1. Planning and Coordination of Work
Did the Contractor pursue and develop a thorough understanding of the scope of work? Did the Contractor proactively anticipate and coordinate agencies and jurisdictions' requirements and procedures? Was the Contractor able to plan and execute complex critical path tasks for successful completion? Please rate the Contractor with respect to planning and coordination of work as either unsatisfactory, below average, average, or above average.

___________________________________________________________________
___________________________________________________________________
___________________________________________________________________
___________________________________________________________________

2. Quality of Work
Were there quality-related problems on the project? Were these problems attributable to the Contractor? Was the Contractor cooperative in trying to resolve problems? If not, provide specific examples. Please rate the Contractor with respect to quality of work as either unsatisfactory, below average, average, or above average.

___________________________________________________________________
___________________________________________________________________
___________________________________________________________________
___________________________________________________________________

3. Performance and Accountability
a. Scheduling - Rate the Contractor’s performance with regard to adhering to project schedules. Did the Contractor proactively manage and meet the project schedule? If not, was the delay attributable to the Contractor? Please rate the Contractor with respect to scheduling as either unsatisfactory, below average, average, or above average.

___________________________________________________________________
___________________________________________________________________
___________________________________________________________________
___________________________________________________________________
b. **Supervision - Subcontractor and Project Management** - Rate the Contractor's ability to manage and coordinate subcontractors (if no subcontractors, rate the Contractor's overall supervision and project management). Was the Contractor able to effectively resolve problems? If not, provide specific examples. Please rate the Contractor with respect to project management as either unsatisfactory, below average, average, or above average.

___________________________________________________________________
___________________________________________________________________
___________________________________________________________________
___________________________________________________________________

c. **Staging** – Rate the Contractor’s performance with regard to staging requirements. Did the Contractor keep staging areas clean and free from debris? Did the Contractor comply with set staging requirements, if any, and if so, what were the requirements? Please rate the Contractor with respect to staging as either unsatisfactory, below average, average, or above average.

___________________________________________________________________
___________________________________________________________________
___________________________________________________________________
___________________________________________________________________

d. **Safety and Additional hazardous material abatement** - Was Contractor able to coordinate timely abatement of additional hazardous material uncovered during demolition? Did Contractor have effective safety measures in place? Please rate the Contractor with respect to coordination of additional abatement and safety as unsatisfactory, below average, average, or above average.

___________________________________________________________________
___________________________________________________________________
___________________________________________________________________
___________________________________________________________________
e. Change Orders - Rate the Contractor's performance with regard to change orders and extras. Did the Contractor unreasonably claim change orders or extras? Were the Contractor's prices on change orders and extras reasonable? If not, provide specific examples. Please rate the Contractor with respect to change orders as either unsatisfactory, below average, average, or above average.

___________________________________________________________________

___________________________________________________________________

___________________________________________________________________

___________________________________________________________________

f. Working Relationships - Rate the Contractor's working relationships with other parties (i.e. owner, designer, subcontractors, etc.). Did the Contractor relate to other parties in a professional manner? If not, provide specific examples. If not, provide specific examples. Please rate the Contractor with respect to working relationships as either unsatisfactory, below average, average, or above average.

___________________________________________________________________

___________________________________________________________________

___________________________________________________________________

___________________________________________________________________

g. Paperwork Processing - Rate the Contractor's performance in completing and submitting required project paperwork (i.e. submittals, drawings, requisitions, payrolls, etc.). Did the Contractor submit the required paperwork promptly and in proper form? If not, provide specific examples. Please rate the Contractor with respect to paperwork processing as either unsatisfactory, below average, average, or above average.

___________________________________________________________________

___________________________________________________________________

___________________________________________________________________

___________________________________________________________________
h. Litigation - Rate the Contractor's performance with regard to litigation. Were there claims in an amount exceeding $50,000 against the Contractor or filed by the Contractor? (i.e. above average is less than $50,000 total in claims; average below average and unsatisfactory is based on the particular circumstances) Please rate the Contractor with respect to litigation as either unsatisfactory, below average, average, or above average.
Section III - Numerical Rating

If the contact person rates the Contractor unsatisfactory in any area, please attempt to provide written comments in Section II to explain the rating(s) assigned.

Appeal Process

A contractor may appeal the District’s decision. If a contractor decides to appeal the District’s qualification decision, it shall follow this procedure:

A. Contractor shall submit, in writing, within three (3) working days from notification, a request for a written response from the District to explain any aspect of the District's determination.

B. Within three (3) working days from receipt of the District's written response to the contractor’s request, contractor may submit, in writing, a request for a meeting with the District’s staff. Contractor may submit with the request any information that it believes supports a finding that District’s determination should be changed.

Contractor’s failure to comply with any of the above time periods shall be deemed acceptance of the District’s determination of the contractor’s prequalification status. Unless a contractor files a timely appeal, the contractor waives any and all rights to challenge the qualification decision of the District, whether by administrative process, judicial process, or any other legal process or proceeding.

There is no appeal of the determination that a contractor does not prequalify where said contractor has failed to submit required information.

The date for submission and opening of bids for a specific project will not be delayed or postponed to allow for completion of an appeal process.
