

College of Marin

Dashboard Development Plan

Strategic Objective 2.1

Develop a Tool to Systematically Track Student Retention and Success

Action Step 2.1.3

Use the Decisions regarding Data Elements to Develop an IT-Based Tracking System that Evaluates Retention and Success by Section, Course, Program, Pathway, and Student Demographics

Strategic Objective 2.2

Implement and Evaluate the Tool for Tracking Student Retention and Success

Action Step 2.2.1

Revise the Program Review Reporting Requirements to Include Responses to:

- The discipline's strengths and weaknesses as identified in the student success and retention report
- At least one specific strategy that will be used in the coming academic year to address identified weaknesses in student success and retention

College of Marin Dashboard Development Plan

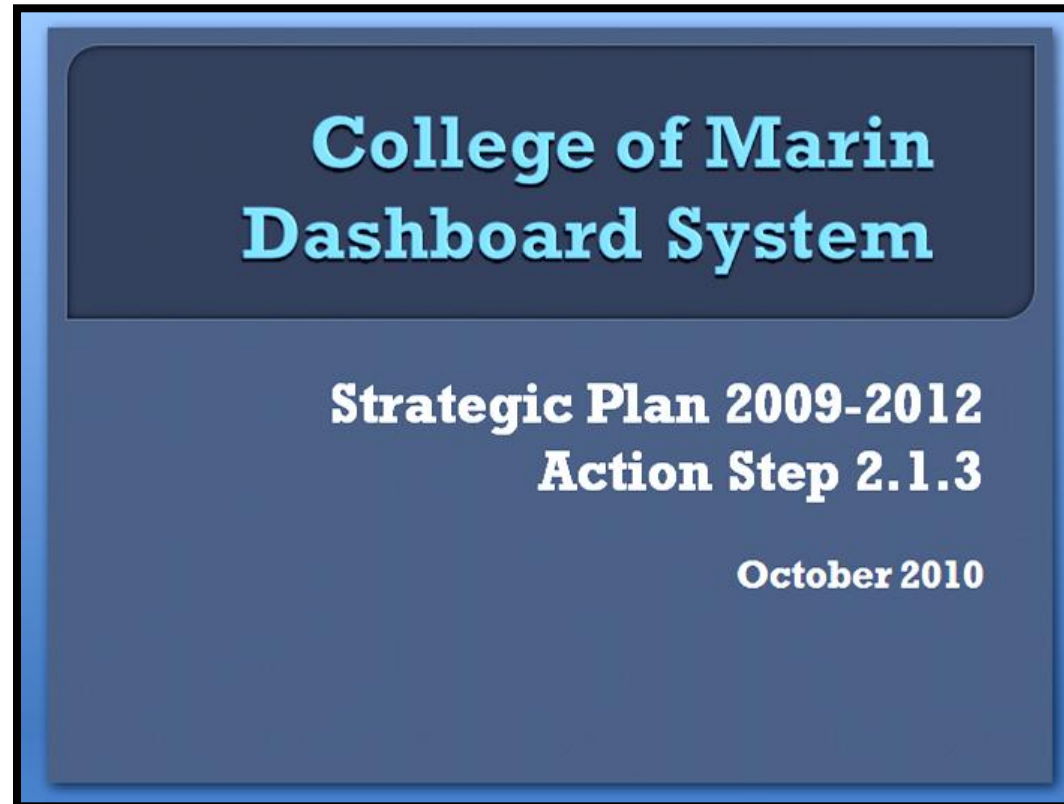

The screenshot displays the Argos software interface for developing a dashboard. The window title is "Argos - College of Marin". The interface is divided into several sections:

- File Explorer (Left):** Shows a hierarchical tree structure. The selected path is "Banner > A-Development > 1 - Zach - Evisions > Oct_2010_Dashboard_Devel > WIP > COM_Operational_Dashboard".
- Main Workspace (Center):** Contains a toolbar with icons for Logout, Back, Forward, Cut, Copy, Paste, Delete, Import, Export, Publish, Security, COOP Site, Support, and Argos Help. Below the toolbar, the title "COM_Operational_Dashboard" is displayed. A link "< click here to set the description >" is present. Metadata includes: Author: kathleenkirkpatrick, Date created: 10/4/2010 11:09:24 AM, and Date last modified: 10/20/2010 7:35:05 AM.
- Report Viewer actions:** Includes buttons for "QuickView" (Run this DataBlock as a QuickView Report), "Run Saved" (Run this DataBlock by loading a saved state), and "QuickLaunch" (Add a QuickLaunch for this DataBlock).
- Report Writer actions:** Includes a "New Report" button (Create a new Report from this DataBlock).
- DataBlock Designer actions:** Includes buttons for "Edit" (Edit this DataBlock), "Edit Data" (Edit the raw object data that defines this DataBlock), "Delete" (Delete this DataBlock), "Security" (Edit the security settings for this DataBlock), and "Publish" (Publish this DataBlock to the Argos Publish server).
- Associated Connection/Pool:** A dropdown menu currently showing "PROD_BLT".
- Notes:** A section with a plus sign icon, currently empty.

The Windows taskbar at the bottom shows the start button, several open applications, and the system tray with the time "10:30 AM". The Argos logo is visible in the bottom right corner of the application window.
