

DRAMA

A Drama major can help prepare students for many career opportunities including work in the specific areas of theater production or performance as well as the related areas of advertising, television, film, recreation, education and management. Although careers in professional acting/theater are competitive, the potential for career growth is unlimited.

Typical Coursework associated with the study of Drama

Drama studies includes a comprehensive study in theater, practical experience in professional production, and a solid background in the liberal arts. Talent commitment, energy, and discipline are key personal qualities required for successful theater careers. The study and practice of theater and drama develops communication, analysis, problem solving, organizational skills, group dynamics, and intellectual curiosity. Literacy and dramatic analysis, heritage and foundations knowledge, performance, artistic and technical skills, such as scenic, costume, lighting design are all developed and enhanced throughout the study of drama.
