Items Discussed:

1.  The Committee agreed to move to a new approach to conducting meetings starting in the New Year.  We will meet two times a month to do Technical Review and once to discuss the larger issues within the CC area of responsibility.  Our first meeting of the spring semester will be January 24th.  It may be necessary to schedule an earlier meeting to review new courses that remain unfinished in December.

2.  Kathleen Smyth, from the P.E. Department, presented a complete list of all the P. E. outlines.  The Department is changing the name of the Department to Kinesiology.  Kathleen explained that kinesiology is the study of movement and represent a more current understanding of the purpose and mission of the Department.  The CC reviewed the outlines, which were very recently updated.  The committee will continue the extensive review at the next meeting.
