| Retailers                       |                         |

# Typical Coursework associated with the study of Speech

Speech programs intend to provide people with oral communication skills, including communicating ideas, mastering speaking and listening skills, and adopting communication techniques to communicate with people of varied backgrounds. Some speech students also complete the necessary education courses in order to be certified as teachers. Some students seek work in public or private agencies; others go on to do graduate work in a speech-related field.
