Dear Colleagues:

On behalf of College of Marin, it is with great pleasure that I present this Strategic Plan 2012-2015 which provides the direction for our next three-year journey together in making College of Marin the best it can be.

Using the ten-year Educational Master Plan 2009-2019 as our blueprint and shared vision with its various objectives, this second strategic plan in the series of three provides a well-crafted road map combined with measurements of success for our collaborative journey.

The completion of this document underscores the College’s ongoing commitment to student success and overall institutional excellence through the implementation of an integrated and comprehensive planning process. The crisp, clear direction in this document with its specifically-defined champions, working teams, action steps, and deadlines provides a well-defined framework from which to build.

Especially noteworthy is the stellar rate of accomplishment for the recently completed Strategic Plan 2009-2012’s action steps—which clearly reflects the unique team spirit of College of Marin’s administrators, faculty, and staff. This outstanding progress demonstrates that this College’s shared commitment can propel future progress to attain the highest of goals as we shift the momentum toward this new plan.

I extend my appreciation to the numerous committees and individuals whose efforts and thought contributed to the development of this Strategic Plan 2012-2015. As we address the priorities and objectives in this plan, we will continue to focus on that which is best for our students and community.

Sincerely,

David Wain Coon, Ed.D.
