2. **Roz Hartman**
   A. Catalog Changes for Nursing Program
   Approved with minor changes (change “greater that...” to “more than...” J. Langinger, 2nd M. Priewe

   A motion was made by J. Marks as a result of the discussion of impacted Nursing Program:-
   The Curriculum Committee supports the serious consideration of expanding the Nursing Program to accommodate more applicants. Given the need for nurses and the District’s continuing decline in enrollment, such an expansion would be warranted. This would also impact prerequisites in other disciplines which would require expansion to meet the increased Nursing Program demands to meet state requirements.

   Discipline review presented by David Rollison with succinct and comprehensive clarity. Mr. Rollison also provided the Curriculum Committee with a copy of the Department Plan for English and Humanities.

On Going Items
1. Academic Senate Report by A. Ritchie, J. Langinger, and M. Priewe
   The science faculty brought forward the need for FT faculty- the sciences already have numerous PT faculty working the maximum of 9 units each. A. Joe Ritchie recommended the creation of a database that could track FT to PT ratios and evaluate “endangered programs.” For example, Physical Sciences went from 14 down to 4 FT faculty, which is not only impacting science and transfer students, but nursing and other programs as well. Immediate solutions were also discussed to meet the budget needs for the sciences that could be supported by curriculum (e.g increased lab fees).

2. Student Learning Outcomes
   Report awaiting meeting with Dr. White and Elise Schneider for adoption of SLO plan from task force members.
   Meeting scheduled for March 14, 2005 at 4:30 pm.

3. General Education Subcommittee
   No report.
